STAGING

The Design Shop is a versatile home staging, project management and design firm with proven success in preparing homes for market. Assisting both sellers and real estate agents, our talented design team can help reduce the stress and challenges that typically accompany home market preparation. Refurbishing and styling Bay Area bungalows to premiere luxury estates, The Design Shop is ready to help.

FEATURED ARTIST

Amelia is a bay area artist who sells work independently to collectors in California. She also works with SF Bay home stagers to display original and commissioned works. Her styles vary from landscapes to abstract. In her creative process, she starts from how the world looks and then explores how unpredictable actions can create something more beautiful.

FURNITURE

Since 1990, Cisco has been using sustainable materials and building methods to create furniture, that is as healthy for you as it is for the planet. Each item is built with pride by local craftspeople at our headquarters in the heart of Los Angeles.
